SUMMARY OF THE REASONS FOR DECISION:

The DVD entitled *Dead Man's Wish* is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

The DVD contains a feature previously classified in video format by the Office of Film and Literature Classification. This decision was registered on 19 February 2001 as objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years with the descriptive note "Contains explicit sex scenes".

The DVD contains a number of extra components in addition to the feature including film notes, a series of still photographs from the feature, and five trailers for other publications by the same production company. There is nothing contained in the extra materials which necessitates a change in classification from that given to the video recording.
